

## Checklist 4: Email Marketing Setup Checklist

Project Name: \_\_\_\_\_ Date: \_\_\_\_\_

Yes No

### Decide on which autoresponder you wish to use in your business.

*Tip - We recommend Aweber for those starting out as it integrates with most services and Aweber do not have any issues with affiliate marketing. If you require more automation and/or running a different type of business we recommend Active Campaign.*

### Create A New List With Aweber

- |   |   |                          |                          |

Notes

## Checklist 4: Email Marketing Setup Checklist

- 10 Enter your list description
- 11 Click Next Step
- 12 Choose language (leave default unless different than English)
- 13 Subject Line (leave default)
- 14 Message Preview (leave default)
- 15 Click Approve Message & Create List
- 16 Return to List Options and click Confirmation Message
- 17 Turn Off Send confirmation for Aweber sign up forms (disables double opt-in via forms)
- 18 Click Save Settings
- 19 Click on Help in the top right menu
- 20 Scroll down and you'll see Live Chat. Open This.
- 21 Tell Aweber support you would like to turn off double opt-in via API. (This is required when using API connection for lead generation so they do not get a confirmation email after signing up. In general, you don't want this as it slows your list growth.)

*Notes*

# Checklist 4: Email Marketing Setup Checklist
